

## **Pingree School Fellowship Program 2025-2026**

Pingree School is a dynamic and aspirational, independent, all-gender day school on the North Shore of Boston, located on a beautiful 100-acre campus in South Hamilton, where approximately 385 students in grades 9 through 12 solve problems, build community, and learn how to learn. Pingree empowers every community member to pursue knowledge with courage and imagination, thrive in joy and challenge, and create a more just and equitable world. Committed to developing global citizens, Pingree actively seeks faculty and students of character and intelligence from diverse social, ethnic, and socio-economic backgrounds.

Pingree School is hiring for the 2025-2026 academic year as part of the Pingree Fellowship Program. The Pingree Fellowship Program is designed to work with talented, developing professionals by introducing them to the crafts of teaching, coaching, and advising at independent schools. Fellowship opportunities exist across all departments - **Arts, English, History and Social Science, World Language (Spanish, French, Chinese), Mathematics, Science, and Technology**. The Fellowship runs for a one-year term with the possibility of extending for a second year. We are looking to hire two fellows to begin in 2025-2026

The Pingree Fellowship seeks to identify and work with promising individuals who have been traditionally underrepresented in independent schools in an effort to “create a more just and equitable world,” in line with the school’s mission statement. In addition to mentorship, we provide fellows with the opportunities to teach, coach, and advise, preparing them for a career in independent schools.

The fellow's teaching responsibilities will evolve throughout the fellowship. In Trimester 1, they will observe and co-teach with their mentor to gradually gain experience. In Trimester 2, they will take full responsibility for one class, working alongside their mentor. By Trimester 3, the fellow will teach two classes, with one course potentially being an elective created by them. Throughout the year, the fellow will receive regular feedback from the mentor, Fellowship Director, and other faculty, while continuing to observe other classes for professional growth.

In addition to teaching, the fellow will coach or supervise a co-curricular activity during two seasons and chaperone school events as needed. Fellows are paired with a mentor to guide them in both academic classes and advisory.

Candidates should have a record of strong content knowledge and demonstrated interest in working with youth. The Fellowship welcomes those who have recently graduated from

undergraduate and graduate programs, as well as career changers. Formal teacher training is not required.

**Benefits Include:**

- Stipend (\$35K per year)
- On-campus housing/housing stipend
- Breakfast and lunch when school is in session
- Health, dental, and vision insurance
- Access to fitness center and outdoor pool
- Retirement plan participation
- Career planning guidance and resources

**Professional Development Opportunities including:**

- In-house professional development including weekly teacher education seminar
- Optional trainings, conferences, and workshops
